

14TH ANNUAL COOL RIVER GOLF CLASSIC

MONDAY, JULY 16TH
STONEBRIAR COUNTRY CLUB

Two-time Pro Bowler Terence Newman launched his charitable foundation, the Terence Newman Rising Stars Foundation, in 2007.

The foundation was formed in order to benefit and support the most promising young student-athletes in the Dallas Independent School District. This program annually selects 10 ninth-grade football players each year from the Dallas area high schools. The selections are made from a pool of nominees made by the counselors and coaches, and are nominated based on their outstanding character, good citizenship, leadership ability and commitment to excellence in the classroom and on the field.

The "Rising Stars" take part in activities, which include academic support through Sylvan Learning Center, as well as regular mentoring and special events with Newman himself. These events include sports outings, community service activities and other surprise opportunities. If the program participants maintain their standards of character and grade point average throughout their high school years, Newman will reward each of them with a minimum \$5,000 college scholarship upon their graduation.

The Terence Newman Rising Stars Foundation is a non-profit 501c3 corporation. It is funded entirely by Terence himself and through the generous contributions of individual donors and corporate partners.

To donate or for more information, please visit www.terencenewman41.com

Payment & Registration due Thursday, June 28.
